PATENT  
Attorney Docket No.: KM39091-70

TO: Assistant Commissioner of Patents  
Washington, D.C. 20231  
Box: Reissue Application

S I R :

With reference to the filing in the United States Patent and Trademark Office of an application for a Reissue patent in the name(s) of: Laurette NACAMULLI et al. entitled: **RATE MEASUREMENTS OF BIOMOLECULAR REACTIONS USING ELECTROCHEMILUMINESCENCE.**

- X This is an application of a small entity under 37 CFR 1.9(f) and the amounts shown in parentheses below have been employed in calculating the fee.
- X Small Entity Verified Statement was filed in the parent application (08/347,984) and is still proper.

The following are enclosed:

- X Specification (copy of U. S. Patent No. 5,527,710 and originally filed Specification)  
  
The original Letters Patent are presently inaccessible. However, they will be submitted if and when they become accessible.
- X 70 Claim(s) (including 36 claims from the original patent and 34 claims added in this Reissue Application, said added claims including 4 independent claims and 30 dependent claims).  
  
       This application contains a multiple dependent claim.
- X Reissue Declaration and Power of Attorney (executed by two of three inventors)  
  
       Sheet(s) of Drawings. No changes have been made in the drawings upon which the original patent was issued, therefore in accordance with 37 C.F.R. §1.174, enclosed is a copy of the printed drawings of the patent comprising        sheets of drawings.
